MENNO HAVEN COTTAGES

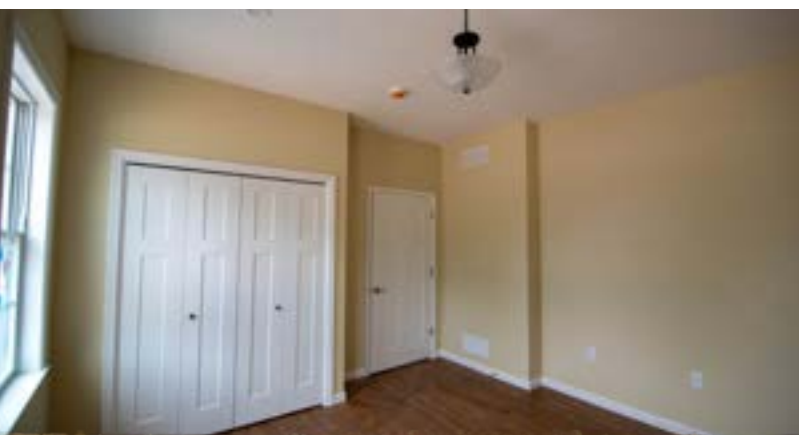

eciConstruction is building 11 duplex units containing 22 independent living cottages for Menno Haven in Chambersburg, Pennsylvania. This 12-month project began on December 6, 2021, with the footers for the first duplex unit, the project is slated for completion by December 31, 2022.

Phase II of the Menno Haven Cottages has continued to progress and has reached the halfway point. The initial 4 duplex cottages will soon be done and are expected to be completed by August 2022, while the second phase of the cottages continue with rough-ins and start finishes. Framing has went onto the final 4 units as we build 4 new prototype layouts as part of phase 3 of the Menno Haven Cottages. Since the previous update the utility laterals have been completed as well as the curbing and base paving.

Steve Lis is the Project Manager, and Chris Lingle is the Superintendent for Menno Haven Cottages Phase II.

eciService

MEMBERS 1ST DILLSBURG

A few weeks ago eciService worked on the Members 1st Federal Credit Union in Dillsburg, Pennsylvania. eciService was contacted because water was running off Route 15 into the Members 1st sign, which would then go into the conduits below the sign and then into the building itself. To fix this problem Stanton Baker and Joe Reneker created a drain to prevent water from leaking into the conduits below the sign.
